Hi DaMonica,

Would you please clarify a few points in your e-mail? Do you consider both your comment letter which you have noted as "Confidential" and your redline/strikeout version of the draft permit to be "Confidential" - although that is not marked as such?

In either case, do you consider the information to be confidential business information (CBI) as defined under EPA regulation 40 CFR 2.20, which can be found at: [http://edocket.access.gpo.gov/cfr\\_2009/julqtr/pdf/40cfr2.201.pdf](http://edocket.access.gpo.gov/cfr_2009/julqtr/pdf/40cfr2.201.pdf).

Also, attached are EPA's procedures for CBI substantiation for your reference. If you claim these materials as CBI, EPA will send you a formal request for substantiation which will include the steps discussed in the attachment.

Regards,

Michele

Hi Michele. My intent was to ensure that our comments (in their entirety) be used only for EPA's purposes in making updates to the Draft Permit and not be shared with the public or any other agency with whom the permit was shared (Solano County, CDOGGR and RWQCB).

Hi DaMonica.

I do have a question regarding your comments. What is your intent with having marked "Confidential" on one of the files? What are you claiming to be confidential and why?

Thanks,

Michele

Michele, please let me know if the attached .doc files make it through EPA's server.

Michele and David, please find attached a redlined Word version of the Draft UIC Permit that includes our edits and a separate document that chronicles our questions and comments regarding specific sections of the permit. Please let me know if you have any questions or require clarification. Thanks.
